

Creation Astronomy: **The Heavens Declare The Glory of God**

Spike Psarris is speaking at [AFSC meeting at Atonement Free Lutheran Church](#)
6905 172nd St. NE, Arlington, WA 98223
Friday, November 22 at 7:00 PM

We've all admired the beauty of the night sky. Secular astronomers claim that everything we see in it formed all by itself in a Big Bang event billions of years ago, with no Creator being involved.

But the secular model fails to explain the origin of the heavenly bodies, nor the Universe within which they exist.

In this presentation, full of beautiful photographs and videos from NASA and other sources, you'll discover:

- How planets, stars, and galaxies defy secular origins models.
- How the Universe is consistent with the Creation model instead.
- What the Universe reveals about our Creator.

Join us as we explore the heavens, and see how they declare the glory of God.

The speaker, Spike Psarris, has a Bachelor's degree in Electrical Engineering and has done graduate work in Physics. He worked for a number of years as an engineer in the US military space program. He entered that program as an atheist and an evolutionist, and left it as a creationist and a Christian. Today he speaks on creation/evolution, especially as it relates to astronomy, and has published two DVDs on the subject. His website is www.CreationAstronomy.com.

Spike presented lectures on astronomy at the annual [Seattle Creation Conference](#) in 2013.

The Apologetics Forum of Snohomish County (AFSC)

[Dr. Heinz Lycklama](#) and [Mr. Rob Overgaard](#) formed the [Apologetics Forum of Snohomish County \(AFSC\)](#) to help equip Christians in the defense of their faith in the postmodern world in three related areas: 1) [Creation vs. Evolution](#), 2) [Christian Apologetics](#) and 3) [Biblical Worldview](#). [AFSC](#) provides a local Forum in the North Snohomish County area for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life.

Studies done by [Answers In Genesis \(AIG\)](#), documented in the books [Already Gone](#) and [Already Compromised](#), show that more than 60% of youth raised in the church leave the church once they leave home. The main reasons are 1) they are looking for more answers to their hard questions, and 2) they are being indoctrinated in secularism and evolutionism. See also this [Koinonia House article](#).

Monthly [AFSC](#) meetings will be held at a church in the North Snohomish County area. Each meeting will include a lecture or the showing of a DVD on a topic within the scope of the Forum's mission. There will be time for discussion on the topic presented, followed by refreshments.

[AFSC](#) creates a Forum where Christians can learn from each other, ask the hard questions about our Faith, Creation and Worldview, and receive the support of a community of Christian thinkers. The Forum equips Christians with well-researched information on issues that seek to challenge the truth of Christianity as revealed in the Bible.

[AFSC](#) is run by a Board of Directors and advised by an Advisory Board whose members have knowledge in the topics discussed at [AFSC](#) meetings and have a strong interest in providing and supporting an environment for participants to gain well-researched information in the defense of their Christian faith. More on [AFSC](#) at <http://afsc.nwcreation.net>.
