Messages by Dr. Don Johnson

Dr. Don Johnson (Creation scientist, author and speaker) will be speaking at the <u>AFSC meeting</u> on Friday, August 22nd. He plans to be in the greater Seattle area from about August 20 to September 15. During that time he will be available to give the messages described below during a morning or evening <u>church service</u>, during a <u>Sunday School time</u>, or at a <u>group meeting</u> during the week. The four sample messages listed below can be tailored to fit the time available and the interest of the audience. If you would like to schedule a message by Don, call him directly at 760-895-2776 or call Heinz Lycklama at 425-501-5075.

1. Science Christians Need To Know

The message (<u>http://www.scienceintegrity.org/Science4Christians.pdf</u>) shows the Biblical truths concerning science and clarifies misunderstandings concerning religion and science, starting with the Biblical basis for studying science and great scientists who were Bible-believing Christians. We'll investigate God's awesome creative and sustaining Word, and compatibility with science facts. That life is fearfully and wonderfully made, especially the unexplainable interactive computer systems in life, will be reviewed. Creation, intelligent design, and evolution models will be evaluated by scientific evidence to see why thousands of scientists have abandoned Darwinism.

An earlier recorded version of a similar message can be found <u>here</u>.

2. Amazing Scientific Insights of the Bible

This message (<u>http://www.scienceintegrity.org/AmazingBibleInsightsCfC.pdf</u>) will show the power and specificity of God's Word in bringing into existence this finely-tuned Universe in which amazingly complex life is possible. We'll look at Biblical insights concerning sciences such as biology, cosmology, astronomy, health, and archaeology. The statistical probabilities of fulfilled specific prophecies, and inexplicable "hidden Biblical codes" will be examined. This will all demonstrate that the Bible IS reliable and can be trusted.

3. The Flood, Catastrophism, Fossils, and Time

The message (<u>http://www.calvaryofwilmington.org/TLW/creation//Notes/CreEvSci5.pdf</u>) examines the fossil record and the evident environmental perturbation at, and immediately after, the deluge. We'll look at feasibility of the ark, long-lived people, and the possibility of human/dinosaur coexistence. Mount St. Helens provides insights into catastrophism. Is a young Earth in an old Universe scientifically feasible?

An earlier recorded version of a similar message can be found <u>here</u>.

4. The Amazing Power of God's Creative and Sustaining Word

This message (<u>http://www.scienceintegrity.org/CreativeSustainingWord.pdf</u>) examines the Eternal Word, His spoken Word, and His sustaining Word. The information systems in life show we are indeed wonderfully made. We'll look at problems most scientists ignore, such as the reality of life's arbitrary coding systems, the impossibility of simple chemicals forming life's information, and the unavoidable harmful mutations that limit life's existence to less than 300 generations.

Dr. Don Johnson Biography

Don Johnson earned Ph.D.s in both Computer & Information Sciences and in Chemistry. He was a senior research scientist and consultant for over 14 years, and taught 20 years in universities in the US and Europe. Since "retiring" as an APU (Christian university) professor, he has done consulting, speaking, and writing (4 books, including best-selling "Programming of Life," and several peer-reviewed papers). He has made Christian and secular presentations across the US and on most continents. His <u>www.4iam.org</u> Christian Website has links to the "Programming of Life" <u>PoL video</u> (over 245,000 on-line views), several video presentations and printable flyers, as well as links to his two secular science websites (<u>http://www.scienceintegrity.org/index.html</u> & <u>http://www.djpol.info</u>.) For over 20 years he believed, taught, and defended the evolutionary scenarios, until science convinced him of the bankruptcy of those beliefs.

Don Johnson's currently planned speaking engagements:

- 1. Wed, Aug. 20 Talk on "Programming of Life" to a secular audience in Arlington.
- 2. Thu, Aug. 21 Seminar on "Programming of Life" at Apologetics Symposium in Bothell.
- 3. Fri, Aug. 22 Seminar on "Life's Information Systems" at Apologetics Forum in Arlington.
- 4. Sun, Aug. 24 Sunday School hour at First Baptist Church Arlington. [Message #1 above]
- 5. Sun, Aug. 24 Evening Service at First Baptist Church Arlington. [Message #3 above]
- 6. Wed, Aug. 27 Talk on "What About Scientific Integrity?" to a secular audience in Arlington.
- 7. Fri, Sep. 5 Talk on "Amazing Scientific Insights of the Bible" at CAPS mtg. in Mountlake Terrace.
- 8. Sun, Sep. 7 Sunday School Hour at Atonement Free Lutheran Church in Arlington.
- 9. Sun, Sep. 7 Main Service at Atonement Free Lutheran Church in Arlington.
