

Evolution's Four Fatal Flaws
Dr. Heinz Lycklama speaking
at the AFSC meeting at
Atonement Free Lutheran Church
6905 172nd St. NE, Arlington, WA
Friday June 24th at 7:00 PM

It has become abundantly clear that evolutionary thinking is not based on scientific evidence. This lecture offers four major challenges to the “theory” of Evolution. 1) (Macro) Evolution has never been observed. It takes a giant leap in faith to get from (micro) evolution, which has been observed, to (macro) evolution. 2) No credible transitional fossils have been identified in the 150 years since Darwin wrote “Origins of Species.” Evolution did not happen. 3) Life can/did not originate from non-life by random chance. Evolution can/will not happen. 4) Evolution is in conflict with the Second Law of Thermodynamics. Evolution in fact is impossible. Evolution is a philosophy and a belief system, not science.

Dr. [Heinz Lycklama](#) earned a Bachelor’s degree in Engineering Physics (1965) and a Ph. D. degree in experimental Nuclear Physics (1969) from McMaster University in Canada. Since then he has worked in the telecommunications and computer software industries at Bell Telephone Laboratories in NJ and at Interactive Systems Corporation in CA - as an individual contributor and in management positions. In 1992 [Dr. Lycklama](#) formed Open Systems Technology Associates ([OSTA](#)) to offer his technology management consulting services to various start-ups in the high technology industry. In 2013 Heinz founded the [Apologetics Forum](#) to help equip believers in the defense of The Faith.

Being challenged in his Christian faith by what he was taught in university in the 1960’s, Dr. Lycklama has always maintained an active interest in the [Creation vs. Evolution](#) controversy. He has developed a series of lectures on [Creation vs. Evolution](#), [Christian Apologetics](#) and [Biblical Worldview](#) over the years and presented the material in Sunday school classes, to college students, during church services, at Bible Schools, and other venues in Europe, Asia, Africa and North America. With his knowledge of the Bible and science, [Dr. Lycklama](#) has continued to develop and present new material in these subject areas. His messages are found at [HeinzLycklama.com/messages](#) on his website at [HeinzLycklama.com](#).

Refreshments plus books and DVD’s available at the resource tables afterwards.

The [Apologetics Forum of Snohomish County \(AFSC\)](#) was founded to help equip Christians in the defense of The Faith in the postmodern world in three related areas: 1) [Creation vs. Evolution](#), 2) [Christian Apologetics](#) and 3) [Biblical Worldview](#). [AFSC](#) provides a local Forum in the North Snohomish County area for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life. More on [AFSC](#) at [ApologeticsForum.org](#).
