

Dr. Heinz Lycklama is speaking at Ferndale First Baptist Church on Sunday morning, September 11th during the Sunday School hour as well as the Worship Service

Sunday School @ 9:30 AM: Heinz will bring a message on **Life and Information**. Life consists of material (matter & energy) as well as non-material parts (information). We discover the similarity in the nature of information, machines and programs in writing systems, computer systems, and living systems Each requires a design, and therefore a designer. This similarity helps us to explain why life did not, does not, and will not start from non-life by chance. Science and the Bible agree.

Worship Service @ 10:45 AM: Heinz will bring a message on **Why The Bible is Unique**. Religions are based on their holy book(s.) The Christian faith is based on the Bible. Is the Bible just another religious book or is it the Word of God? Prophecy, history, geography, and archaeology confirm its Truth. There are also some amazingly accurate scientific statements that anticipate the science of today. The Bible is like no other book in the world. It provides many sound evidences and convincing proofs that it is God's Word. The Bible is authoritative in all matters that it addresses; it is infallible, inerrant, complete and final. It is sufficient for our needs, it will accomplish what it promises, and it provides the assurance of our salvation.

Dr. **Heinz Lycklama** earned a PhD degree in Nuclear Physics from McMaster University in Canada. He has developed a series of lectures and courses on **Creation vs. Evolution**, **Christian Apologetics** and **Biblical Worldview** over the years and presented the material in Sunday school classes, to college students, during church services, at Bible Schools, and other venues in Europe, Asia, Africa and North America. The **Apologetics Forum of Snohomish County (AFSC)** was founded to help equip Christians in the defense of The Faith in the postmodern world in three related areas: 1) **Creation vs. Evolution**, 2) **Christian Apologetics** and 3) **Biblical Worldview**. **AFSC** provides a local Forum for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life. More on **AFSC** at **ApologeticsForum.org**.
