

Life and Information
Dr. Heinz Lycklama speaking
at the CAPS meeting at
Woodin Valley Baptist Church
5400 228th St. SE, Bothell, WA
Thursday September 15thth at 7:00 PM

Life consists of material (matter & energy) as well as non-material parts (information). We discover the similarity in the nature of information, machines and programs in writing systems, computer systems, and living systems Each requires a design, and therefore a designer. This similarity helps us to explain why life did not, does not, and will not start from non-life by chance. Science and the Bible agree on this.

The information and the programs running in the human cell provide evidence that we were created by an Intelligent Being (God) and did not get here through the process of evolution. Living organisms require information, complexity, and design. These all require an intelligent designer.

Dr. [Heinz Lycklama](#) earned a Bachelor's degree in Engineering Physics (1965) and a Ph. D. degree in experimental Nuclear Physics (1969) from McMaster University in Canada. Since then he has worked in the telecommunications and computer software industries at Bell Telephone Laboratories in NJ and at Interactive Systems Corporation in CA - as an individual contributor and in management positions. In 1992 [Dr. Lycklama](#) formed Open Systems Technology Associates ([OSTA](#)) to offer his technology management consulting services to various start-ups in the high technology industry. In 2013 Heinz founded the [Apologetics Forum](#) to help equip believers in the defense of The Faith.

Being challenged in his Christian faith by what he was taught in university in the 1960's, Dr. Lycklama has always maintained an active interest in the [Creation vs. Evolution](#) controversy. He has developed a series of lectures on [Creation vs. Evolution](#), [Christian Apologetics](#) and [Biblical Worldview](#) over the years and presented the material in Sunday school classes, to college students, during church services, at Bible Schools, and other venues in Europe, Asia, Africa and North America. With his knowledge of the Bible and science, [Dr. Lycklama](#) has continued to develop and present new material in these subject areas. His messages are found at [HeinzLycklama.com/messages](#) on his website at [HeinzLycklama.com](#).

Refreshments plus books and DVD's available at the resource tables afterwards.

The [Apologetics Forum of Snohomish County \(AFSC\)](#) was founded to help equip Christians in the defense of The Faith in the postmodern world in three related areas: 1) [Creation vs. Evolution](#), 2) [Christian Apologetics](#) and 3) [Biblical Worldview](#). [AFSC](#) provides a local Forum for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life. More on [AFSC](#) at [ApologeticsForum.org](#).
