

**Reversing Secularization
of the Church**
**J.D. Mitchell speaking
at the AFSC meeting at
Atonement Free Lutheran Church
6905 172nd St NE, Arlington, WA
Friday June 23 at 7:00 PM**

Description: This talk suggests a path to a reversal of the rampant secularization of the Church. Secularism is the anti-religious (especially anti-Christian) worldview that true knowledge can only be found through rational or empirical means. Secularists live their lives with an orientation toward the present world only, as opposed to the Christian view that life is everlasting.

Much of the acceptance of secularism in the Church is the result of the introduction of biblical compromise (especially theistic evolutionary philosophy) into the Church by theologians and Christian educators. The great mistake these men have made, and continue to make, is to accept and then promote non-scriptural explanations for the geology of the earth. This mistake has allowed for much harmful compromise to fundamental biblical teachings, especially with regard to the history in the Bible. If the biblical history is wrong, then logically, there is no reason to believe any other aspect of its teachings; and there is no reason for the Church to resist the barrage of detrimental secular ideas aimed at it by its Adversary.

The **Apologetics Forum of Snohomish County (AFSC)** helps equip Christians in the defense of **The Faith** in the postmodern world in three related areas: 1) Creation vs. Evolution, 2) Christian Apologetics, and 3) Biblical Worldview. **AFSC** provides a local Forum for lectures and DVD programs by knowledgeable presenters on these topics. All presentations are given with the presupposition that the Bible is God's inspired Word and is accurate and inerrant in its original autographs. The Bible is a total worldview that speaks to all disciplines and areas of our life. More on **AFSC** at ApologeticsForum.org.
