Why attend

1. Learn how to better share and defend your faith
2. Learn the 7 steps to become an effective creation presenter/instructor

Testimonies from the class of 2019

“The three teachers were outstanding. They equipped me with the knowledge to speak about creation and evolution in an intelligent, compelling, and respectful way.” – Craig F.

“As a middle school science teacher, this course provided an invaluable resource for me to effectively teach about the origin of the universe, life, and morality.” – Elissa F.

“The Creation Apologetics Trainings Course has completely equipped me to share confidently and to articulate what I believe and why, as well as being able to ask good questions to those with opposing viewpoints.” – Holly C.

Workshops and exercises

We have a mandate to fulfill the Great Commission (Mat 28:19-20). It is not an option. It is essential. It is not a nice thing to do; it is a command.

All topics are covered in an interactive classroom format. In addition, each topic will include background information plus methods for teaching the subject. Workshops are included to enhance the learning process.

Workshops consist of:

- Two 5-minute presentations
- Written exercises
- One 3-minute defense presentation where each student must respond to a verbal challenge on a specific topic
- A written final exam

All topics are presented in an interactive classroom format. Each topic will include background information plus methods for teaching the subject.

The Team

Eric Hovind: President and Founder of Pensacola-based organization, Creation Today

Dr. Anthony Silvestro: One of the top biblical apologists in the country, evangelist

Mike Riddle: President of Creation Training Initiative, education specialist and apologist.
